Control & Isolation Valves & Actuators

- Globe & Rotary Style Control Valves
- Severe Service
- Low Flow & Bellows Seal valves
- Severe Service Valves
- Ball & Butterfly

- Electric, Pneumatic, Hydraulic Actuators
- ElectroHydraulic Actuators
- Control Valve Actuators
- Skotch Yoke, Rack & Pinon, Linear Designs

Control Valve Actuators
- CVQ / CVL : Quarter Turn and Linear Electric
- Electric Fail Safe, No Battery, No Springs
- Integral Smart Positioner

- Skotch Yoke, Rack & Pinon, Linear Designs
- Pipeline Actuators and Controls

- Rotary Vane Actuator
- Damper Actuators
- Ball, Plug, Butterfly Valve Actuators

- Metal Seated Triple Offset Butterfly Valves
- Custom Face-to-Face & Materials
- Cryogenic & High Temperature

- Metal Seated Ball Valves
- High Temperature & Pressure
- Severe Abrasives

- Flanged, SW, Threaded Ball Valves
- C.S., S.S., Alloy Materials. Fire Safe
- V-Port Automated Control Valves

- High Performance Butterfly Valves
- Lined M-PTFE, Sanitary, UPW

- Slurry & Dry Solids
- Metal Seated Knifegates

Measurement: Flow, Pressure, Temperature

**Pressure**
- Multivariable Transmitter
- Differential Pressure
- Orifice Plates
- Remote Seals
- Level

**Flow Meters**
- Magnetic
- Vortex
- DP Flow
- Coriolis / Mass Flow

**Analytical**
- pH Probes & Analyzers
- ORP
- Conductivity
- Dissolved Oxygen
- Turbidity

**Level**
- Open Path / Guided Wave Radar
- Valve Positioners
- Displacer Level Transmitters
- Interface & Density Measurement

**Temperature**
- Thermocouple
- RTD’s
- Temperature Transmitters
- Thermowells

**Bronkhorst®**
- Micro Coriolis Meters
- Thermal Mass Flow Controllers
- Pressure Controllers
- Precision Dosing Systems

**Thermal Instrument Co.**
- Thermal Mass Flow Meters
- Inline & Insertion Flow Meters
- Thermal Mass Flow Switches

**OSi**
- Optical Stack & Duct Measurement
- FLARE Stack Measurement
- Immune to Gas Composition
- NO Maintenance

Copyright 2015 Engineered Process Controls, LLC
Gas, Fire, and Flame Detection

**Honeywell Analytics Gas Detection**
- Toxic & Flammable Gas Detection
- Open-Path IR LEL Detection
- Controllers, Single & Multichannel

- Flame Detectors
- QUAD & Wide Band IR
- IR, UV/IR & UV Technologies

**Honeywell IRIS**
- Digital Boiler & Burner Flame Scanners
- UV/IR, UV, IR Scanner Technologies
- U2 Integral Scanner & Processor

Level & Process Measurement

**K-TEK**
- Magnetic Level Gauges
- Magnetostrictive Transmitters
- Guided Wave Transmitters
- Capacitance Level Probes

- Boiler Drum & D/A Level Systems
- Gage Glass Assemblies
- TWIP Systems, Drip Leg Probes

**FOSSIL**
- Inline Concentration & Refractometer Analyzers
- No Calibration / No Drift
- Semiconductor, Pulp & Paper, Chemical

**TELEDYNE ANALYTICAL INSTRUMENTS**
- Trace & Percent Oxygen Analyzers
- Trace Hydrogen, Argon Analyzers
- Trace Moisture

**ELPRO Technologies**
- Wireless I/O & Gateways
- Open & Licensed Spectrum: 400-900 mHz, 2.4GHz, 5.8Ghz
- Gateway Radios: MODBUS RTU, Ethernet TCP/IP, PROFIBUS

**DELTA-THERM**
- Electrical Heat Tracing
- Snow Melting Systems
